Intan Prameswari Kurniawan

Student ID: 38

D

Needs Improvement

Would benefit from additional support to strengthen academic understanding.

Executive Summary

Intan Prameswari Kurniawan achieved a final grade of D, categorized as Needs Improvement. Academic performance remains balanced across subjects with opportunities for continued improvement. Further development in weekly study routines would strengthen overall learning effectiveness. 5 targeted learning plans are recommended to support continued development.

Learning Habits

Attendance

Social Studies	51.1	Low

Learning & Development Summary

Positive Indicators

Learning Habits

- **Learning Consistency**
Demonstrates consistent attendance and a strong commitment to the learning process.
- **Classroom Engagement**
Actively engages and contributes meaningfully to classroom discussions and learning activities.

Focus Areas

Learning Habits

- **Study Discipline**
Developing a more structured and consistent study routine would significantly enhance learning efficacy.

Academic Performance

- **Mathematics**
Further practice would enhance the comprehension and application of mathematical concepts.
- **Science**
Conceptual understanding would be enhanced through engagement with practical examples.
- **Language**
Engagement in regular reading, vocabulary development, and consistent writing practice would foster language proficiency.
- **Social Studies**
Analytical thinking and the contextualization of concepts within real-world situations would benefit from further development.

Learning Plan

Area	Plan	Status	Action	Success Indicator
Learning Habits	Build consistent self-study habits	Needs Attention	- Allocate 30–45 minutes for daily study. - Create a weekly study schedule. - Track study sessions using a learning journal.	Weekly study hours reach at least 10 hours.
Mathematics	Improve mathematical problem-solving ability	Needs Attention	- Practice mathematics exercises three times per week. - Review incorrect answers and identify common mistakes. - Seek clarification on difficult concepts when needed.	Mathematics score improves by at least 10 points.
Science	Strengthen conceptual understanding in science	Needs Attention	- Study key concepts systematically. - Practice applying concepts through exercises. - Use visual explanations and examples to reinforce learning.	Science score improves by at least 10 points.
Language	Improve language proficiency	Needs Attention	- Read short passages three times per week. - Write short summaries after reading. - Review new vocabulary regularly.	Language score improves by at least 10 points.
Social Studies	Develop contextual analysis skills	Needs Attention	- Practice summarizing concepts using mind maps. - Discuss social issues and relate them to learning materials. - Apply concepts to practical examples.	Social Studies score improves by at least 10 points.

Learning Observations

Engagement Balance

The student exhibits commendable active engagement within the classroom setting. Cultivating more consistent independent study routines could further optimize the translation of this engagement into enhanced academic achievement.

Commitment Balance

The student's consistent attendance reflects a strong commitment to learning. Further academic development would benefit from establishing more robust independent study habits.
