Hana Firmansyah Pratama

Student ID: 45

Developing

Demonstrates adequate performance with opportunities for further improvement.

Executive Summary

Hana Firmansyah Pratama achieved a final grade of C, categorized as Developing. Academic performance remains balanced across subjects with opportunities for continued improvement. Further development in weekly study routines and classroom participation would strengthen overall learning effectiveness. 6 targeted learning plans are recommended to support continued development.

Social Studies	60.2	Low

Learning & Development Summary

Positive Indicators

Learning Habits

- **Learning Consistency**

Demonstrates consistent attendance and a strong commitment to the learning process.

Focus Areas

Learning Habits

- **Study Discipline**

Developing a more structured and consistent study routine would significantly enhance learning efficacy.

- **Active Participation**

Increased active involvement in learning activities and discussions would be beneficial for engagement and understanding.

Academic Performance

- **Mathematics**

Further practice would enhance the comprehension and application of mathematical concepts.

- **Science**

Conceptual understanding would be enhanced through engagement with practical examples.

- **Language**

Engagement in regular reading, vocabulary development, and consistent writing practice would foster language proficiency.

- **Social Studies**

Analytical thinking and the contextualization of concepts within real-world situations would benefit from further development.

Learning Plan

Area	Plan	Status	Action	Success Indicator
Learning Habits	Build consistent self-study habits	Needs Attention	- Allocate 30–45 minutes for daily study. - Create a weekly study schedule. - Track study sessions using a learning journal.	Weekly study hours reach at least 10 hours.
Learning Habits	Improve classroom participation	Needs Attention	- Prepare one question before each class. - Join group discussions regularly. - Practice explaining concepts using simple examples.	Participation score reaches 8 or above.
Mathematics	Improve mathematical problem-solving ability	Needs Attention	- Practice mathematics exercises three times per week. - Review incorrect answers and identify common mistakes. - Seek clarification on difficult concepts when needed.	Mathematics score improves by at least 10 points.
Science	Strengthen conceptual understanding in science	Needs Attention	- Study key concepts systematically. - Practice applying concepts through exercises. - Use visual explanations and examples to reinforce learning.	Science score improves by at least 10 points.
Language	Improve language proficiency	Needs Attention	- Read short passages three times per week. - Write short summaries after reading. - Review new vocabulary regularly.	Language score improves by at least 10 points.
Social Studies	Develop contextual analysis skills	Needs Attention	- Practice summarizing concepts using mind maps. - Discuss social issues and relate them to learning materials. - Apply concepts to practical examples.	Social Studies score improves by at least 10 points.

Learning Observations

Commitment Balance

The student's consistent attendance reflects a strong commitment to learning. Further academic development would benefit from establishing more robust independent study habits.
